Conservatives

YOUR CHOICE

Five more years of Gordon Brown – or a brighter Conservative future

I have had the privilege of being MP for Epping Forest for the last thirteen years. I listen to you and I speak up for the issues you tell me you care about. You say we need to change things – and I agree!

A Conservative Government will –

Change the Economy – Take quick action to get the economy moving. Rescue our country from Labour's debt, waste and taxes. Boost enterprise. Help small businesses.

Aspiration and opportunity are better than government red tape.

Change Society – Support families. Help people who do the right thing and deal with people who do the wrong thing. Raise the basic state pension and make benefits fair. Control our country's borders. Restore discipline in schools. Back the NHS. Save the green belt.

Responsibility is better than the nanny state.

Change Politics – Cut Whitehall and quangos. Cut the number of MPs. Take powers back from Europe. Let local people take local planning decisions.

Freedom and transparency are better than state control.

I am asking you to re-elect me so I can continue to work for the things you care about.

IT'S YOUR VOTE THAT COUNTS!
PLEASE VOTE ELEANOR LAING - CONSERVATIVE
